23. Problem: (use additional Sheets if necessary)
The router has a few ports blocked (RPC and Telnet). e0aqg02 (198.118.202.116) has been set up to log the traffic that gets blocked to these ports.

24. Proposed Solution: (use additional sheets if necessary)
e0aqg02 /data/ecs-rtr-logs/log has been set up to receive the info from the router about the above mentioned ports. There are other files under /data/ecs-rtr-logs, like perl, that support the automatic clean up of the log files.

25. Alternate Solution: (use additional sheets if necessary)

26. Consequences if Change(s) are not approved: (use additional sheets if necessary)
